

# FIRST REPUBLIC Prestige Home Index™

LOS ANGELES AREA

## ABOUT THE INDEX

The First Republic Prestige Home Index™ for Los Angeles is based on a portfolio representing a cross-section of homes valued at \$1 million or more in 1995 in the greater Los Angeles metropolitan area.

Values of properties in the portfolio were traced back to 1985 using regression analysis and then calculated for each year as well as for all four quarters of 2009.

For each home in the portfolio, a market evaluation was performed for each time period taking into account repeat sales, comparable sales, and characteristics such as size of house.

The chart shows changing values of a portfolio of homes selected by First Republic, value of each home produced quarterly by Fiserv CSW, Inc. ©2010, First Republic Bank
